Even before the positive effects of these acquisitions, each of our lines of business demonstrated organic sequential growth, despite ongoing macro uncertainty and an anticipated return to more normalized levels of business performance. This validates our focus on the steadfast execution of our strategy while maintaining strong profitability," stated Heidrick & Struggles' President and Chief Executive Officer, Krishnan Rajagopalan. "Importantly, the integrations of both our recent acquisitions are progressing smoothly. We are advancing our diversification strategy while continuing to make appropriate investments in our digital capabilities and technologies throughout the company. These initiatives are aimed at providing our clients with the next generation of talent and leadership advisory services, enabling them to achieve higher performance through their leaders and teams in an ever-evolving business landscape."

#### 2023 Second Quarter Results

Consolidated net revenue of \$271.2 million compared to record consolidated net revenue of \$298.7 million in the 2022 second quarter. Consolidated financial results include the first full quarter of contribution from the Company's recent acquisitions of Atreus and B4Z.

On a sequential basis, 2023 second quarter net revenue increased 13.3% from the 2023 first quarter, 10% of that growth was organic, as the Company experienced growth in Executive Search driven by the Americas and Europe markets, partially offset by a decline in the Asia Pacific market, along with sequential revenue growth in Heidrick Consulting and On-Demand Talent. 2023 second quarter adjusted operating income increased 17.2% and adjusted operating margin increased 30 basis points to 7.7% compared to 7.4% in the 2023 first quarter. Adjusted EBITDA of \$36.4 million in the 2023 second quarter increased 33% sequentially and adjusted EBITDA margin increased 190 basis points to 13.4% compared to 11.5% in the 2023 first quarter. 2023 second quarter adjusted net income was \$15.0 million compared to \$15.6 million in the 2023 first quarter. This generated adjusted diluted earnings per share in the 2023 second quarter of \$0.73 compared to \$0.76 in the 2023 first quarter.

Executive Search net revenue of \$206.8 million compared to net revenue of \$253.9 million in the 2022 second quarter reflecting an anticipated market slowdown combined with a return to more normalized operating levels. Excluding the impact of exchange rate fluctuations, which negatively impacted results by 0.3%, or \$0.8 million, net revenue decreased 18.2%, or \$46.3 million, from the 2022 second quarter. Net revenue decreased 21.3% in the Americas (down 21.2% on a constant currency basis), decreased 5.3% in Europe (down 6.1% on a constant currency basis), and decreased 23.9% in Asia Pacific (down 20.5% on a constant currency basis) when compared to the prior year second quarter. The Social Impact and Industrial practice groups exhibited growth over the prior year.

The Company had 423 Executive Search consultants at June 30, 2023, compared to 388 at June 30, 2022. Productivity, as measured by annualized Executive Search net revenue per consultant, was \$1.9 million compared to \$2.6 million in the 2022 second quarter, reflecting a higher number of consultants combined with lower revenue. Average revenue per executive search was approximately \$143,000 compared to \$153,000 in the prior year period. The number of search confirmations decreased 12.7% compared to the year-ago period.

On-Demand Talent net revenue of \$39.2 million, an increase of 75.5% compared to net revenue of \$22.4 million in the 2022 second quarter, primarily due to the acquisition of Atreus, partially offset by a decrease in the volume of legacy on-demand projects.

<u>Heidrick Consulting</u> net revenue of \$25.2 million compared to net revenue of \$22.4 million in the 2022 second quarter. The Company had 89 Heidrick Consulting consultants at June 30, 2023, compared to 66 at June 30, 2022.

Consolidated salaries and benefits decreased \$28.8 million, or 13.9%, to \$178.9 million compared to \$207.7 million in the 2022 second quarter. Year-over-year, fixed compensation expense increased \$18.8 million due to base salaries and payroll taxes, the deferred compensation plan, reorganization, and retirement and benefits, as well as the acquisitions of Atreus and B4Z, partially offset by a decrease in stock compensation. Variable compensation decreased \$47.6 million due to lower bonus accruals related to decreased consultant productivity. Salaries and benefits expense was 66.0% of net revenue for the quarter compared to 69.5% in the 2022 second quarter.

General and administrative expenses increased \$5.3 million, or 15.1%, to \$40.5 million compared to \$35.2 million in the 2022 second quarter. The increase was due to intangible amortization and accretion, office occupancy, IT, and taxes and licenses, partially offset by a decrease in business development travel. As a percentage of net revenue, general and administrative expenses were 14.9% for the 2023 second quarter compared to 11.8% in the 2022 second quarter.

The Company's cost of services was \$25.3 million, or 9.3% of net revenue for the quarter, compared to \$17.4 million, or 5.8% of net revenue in the 2022 second quarter. This related to an increase in the volume of On-Demand Talent projects driven by the acquisition of Atreus.

The Company's research and development expenses were \$5.7 million, or 2.1%, of net revenue for the quarter compared to \$4.5 million, or 1.5%, of net revenue for the second quarter 2022.

In the 2023 second quarter, the Company recorded a non-cash goodwill impairment charge of \$7.2 million associated with the Company's Heidrick Consulting segment. In the 2022 fourth quarter, the Company conducted its most recent annual goodwill impairment evaluation, which indicated that the carrying value of the Heidrick Consulting reporting unit was less than its fair value. During the 2023 second quarter, the Company acquired B4Z and recorded approximately \$7.1 million of goodwill in the Heidrick Consulting reporting unit. Due to the inclusion of goodwill in a reporting unit with a pre-existing fair value shortfall, the Company identified a triggering event and performed an interim goodwill impairment evaluation during the 2023 second quarter, which resulted in the impairment of the recently acquired B4Z goodwill.

Including the previously mentioned non-cash impairment charge, operating income was \$13.6 million for the quarter compared to \$33.9 million in the 2022 second quarter. Operating income margin was 5.0% versus 11.3% in the 2022 second quarter. Excluding the non-cash impairment charge, adjusted operating income in the 2023 second quarter was \$20.8 million and adjusted operating margin was 7.7%.

Adjusted EBITDA was \$36.4 million compared to \$36.8 million in the 2022 second quarter. Adjusted EBITDA margin was 13.4%, compared to 12.3% in the 2022 second quarter. In Executive Search, adjusted EBITDA was \$53.9 million compared to \$52.3 million in the prior year period. In On-Demand Talent, adjusted EBITDA was \$2.6 million versus \$0.6 million in the prior year period. In Heidrick Consulting, adjusted EBITDA was a loss of \$1.6 million compared to a loss of \$0.1 million in the prior year period.

Net income was \$9.0 million and diluted earnings per share was \$0.44, with an effective tax rate of 46.8%. This compares to net income of \$24.1 million and diluted earnings per share of \$1.19, with an effective tax rate of 30.9% in the 2022 second quarter. Excluding the non-cash impairment charge recorded in the 2023 second quarter, adjusted net income was \$15.0 million and adjusted diluted earnings per share was \$0.73, with an adjusted effective tax rate of 37.7%.

Net cash provided by operating activities was \$46.9 million, compared to \$82.7 million in the 2022 second quarter. Cash, cash equivalents and marketable securities at June 30, 2023 was \$239.0 million compared to \$336.6 million at June 30, 2022 and \$621.6 million at December 31, 2022. The Company's cash position typically builds throughout the year as employee bonuses are accrued, mostly to be paid out in the first half of the year.

### 2023 Third Quarter Outlook

The Company expects 2023 third quarter consolidated net revenue of between \$245 million and \$265 million, which reflects typical summer seasonality, while acknowledging that continued fluidity in external factors, such as the foreign exchange and interest rate environments, foreign conflicts, inflation and macroeconomic constraints on pricing actions, may impact quarterly results. In addition, this outlook is based on the average currency rates in June 2023 and reflects, among other factors, management's assumptions for the anticipated volume of new Executive Search confirmations, On-Demand Talent projects, and Heidrick Consulting assignments, consultant productivity, consultant retention, and the seasonality of the business along with the current backlog.

#### **Non-GAAP Financial Measures**

To supplement the financial results presented in accordance with generally accepted accounting principles in the United States ("GAAP"), Heidrick & Struggles presents certain non-GAAP financial measures. A "non-GAAP financial measure" is defined as a numerical measure of a company's financial performance that excludes or includes amounts different than the most directly comparable measure calculated and presented in accordance with GAAP in the statements of comprehensive income, balance sheets or statements of cash flow of the Company.

Non-GAAP financial measures used within this earnings release are adjusted operating income, adjusted operating income margin, adjusted net income, adjusted diluted earnings per share, adjusted effective tax rate, adjusted EBITDA, adjusted EBITDA margin, and consolidated net revenue excluding the impact of exchange rate fluctuations. These measures are presented because management uses this information to monitor and evaluate financial results and trends. Management believes this information is also useful for investors to evaluate the comparability of financial information presented. Reconciliations of these non-GAAP financial measures to the most directly comparable measures calculated and presented in accordance with GAAP are provided as schedules attached to this release.

Adjusted operating income reflects the exclusion of goodwill impairment.

Adjusted operating income margin refers to adjusted operating income as a percentage of net revenue in the same period.

Adjusted net income and adjusted diluted earnings per share reflect the exclusion of goodwill impairment, net of tax.

Adjusted effective tax rate reflects the exclusion of goodwill impairment, net of tax.

Adjusted EBITDA refers to earnings before interest, taxes, depreciation, intangible amortization, equity-settled stock compensation expense, earnout accretion, earnout obligation adjustments, contingent compensation related to acquisitions, deferred compensation plan income and expense, reorganization costs, impairment charges, restructuring charges, and other non-operating income (expense).

Adjusted EBITDA margin refers to adjusted EBITDA as a percentage of net revenue in the same period.

The Company evaluates its results of operations on both an as reported and a constant currency basis. The constant currency presentation is a non-GAAP financial measure, which excludes the impact of fluctuations in foreign currency exchange rates. The Company believes providing constant currency information provides valuable supplemental information regarding its results of operations, consistent with how it evaluates its performance. The Company calculates constant currency percentages by converting its financial results in a local currency for a period using the average exchange rate for the prior period to which it is comparing. This calculation may differ from similarly titled measures used by other companies.
